

Harn and Associates Announces New Corporate Social Responsibility Initiative for 2013

Atlanta, GA- May 7, 2013 - Harn and Associates, a national provider of back end office solutions, announced a new initiative for 2013 where the company will plant one tree for every new and renewing customer. To launch the campaign, Harn and Associates has planted a tree for each of its clients who signed with the company prior to the announcement.

Harn and Associates has chosen to work with various environmental organizations around the United States, which will plant and nurture the trees. The locations are chosen on a rotating basis with regards to current climate and local needs. Plantings will be tracked on a monthly basis via the company website.

Danita Harn, Founder and CEO, said "As a company, we were always dedicated to giving back to local charities and causes. By choosing to plant trees, we are making the planet better now, and for future generations. It's a cause we can all believe in."
